The most  
successful  
year to date!

## LT-127 | Scott & Mary

Scott and Mary Flanders took delivery of #127 in April 2019. Since then they have put just under 40,000 miles on it, very few of those on interstates and almost never in campgrounds. 127 has been across the country a few times, from Key West to the northern tip of Nova Scotia, Prince Edward Island, northern tip of Vancouver Island, and back south almost to Mexico.

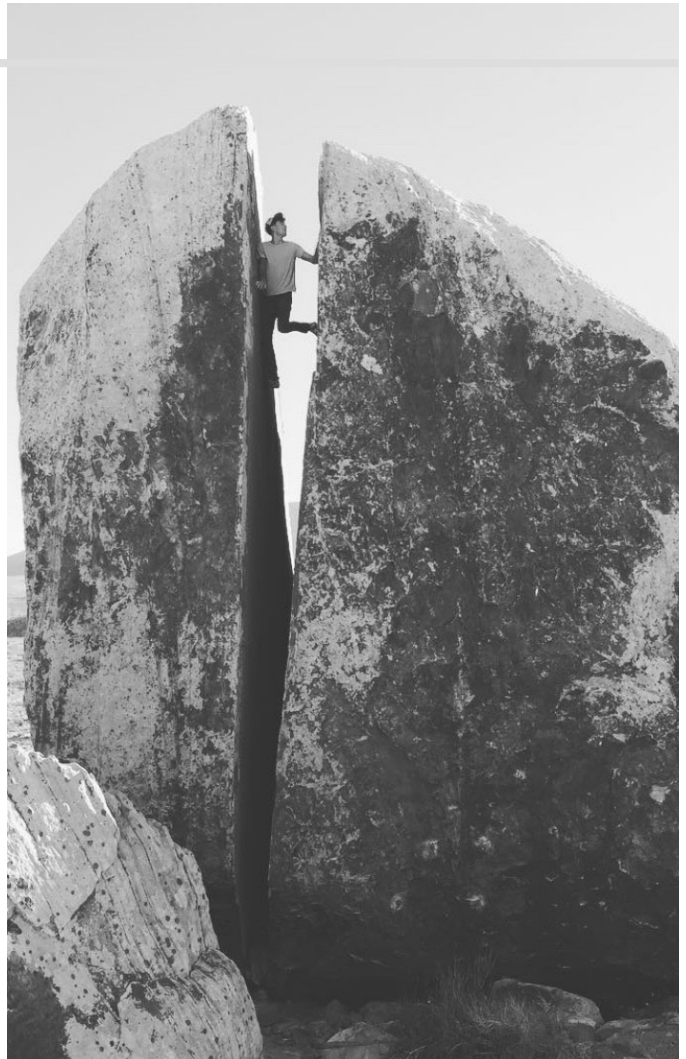

They travel about 7 months a year out of their home in South West Colorado flipping the seasons to stay away from tourists as much as possible. They enjoy exploring off-grid trails & have only had to winch once.

Scott and Mary, in addition to exploring, have a passion for photography. They built a simple raised platform in front of the rear seat and keep the camera gear ready for opportunistic wildlife shots as well as common landscape shots. 127 has served them well with zero maintenance issues. They are still on the first set of tires (Michelin 37's) and brake pads!

**“Above and  
beyond  
quality  
work”**

## **MEET KENNY SIENKIEWICZ**

Department: Composites(repair/paint)

Employee Since: April 2017

Hometown: Denver, Colorado

Kenny, the July employee of the month, has been with EarthRoamer for 3 years. He has done exceptionally well staying on schedule with all of the projects thrown his way. He has been able to take over the X-Guarding of all EarthRoamer's. We've even had several trucks that were chosen to be complete X-Guards by customers. Which requires him to do all the body work as well in house. On top of staying on schedule with his normal work, he is completing these x-guarding jobs, and repairs that are popping up in both HD and in General Production....All while training the two new hires for his area.

Despite having so much on his plate, Kenny always goes above and beyond when it comes to quality. His positive attitude is infectious and always appreciated. Kenny is truly an asset to the EarthRoamer Family.

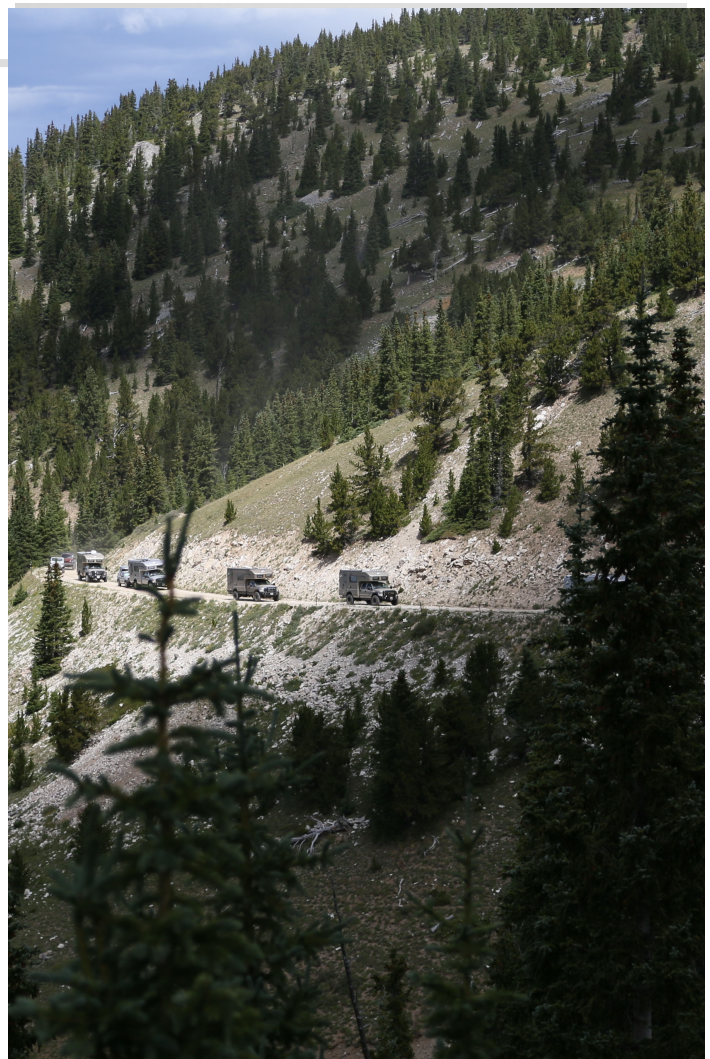

## OWNERS' RALLY 2020

Due to COVID19 we will not be holding a 2020 Owners' Rally.

The health and safety of our Owners and Employees is our top priority. With the ever-changing local guidelines, we feel it is best to wait until next year when we can truly enjoy it with all of you.

In the meantime, keep adventuring and exploring on your own (please send pictures!)

ROAM ON
