- Collapsible broom with dustpan
- Quartz, granite, or porcelain countertop
- Single burner induction or invisacook cooktop
- 6 cubic foot stainless steel DC electric refrigerator w/2 cubic foot upper freezer (additional 2 cubic foot freezer/fridge optional)
- 1.6 cubic foot stainless convection microwave
- Slide-out pantry w/ adjustable shelving (dependent on options)
- Paper towel holder and dish towel bar

### Bathroom

- Enclosed bathroom/shower (wet bath)
- Teak medicine cabinet with mirror
- Teak shower grate
- Teak fold down bench seat
- Removable shower wand on height adjustable slide bar
- Sink with integrated toilet paper holder
- 5-gallon cassette toilet
- Retractable clothesline and towel hooks
- Shower toiletries storage
- Variable speed exhaust fan

### Electrical System

- 18 Kw hour lithium-ion battery bank
- Auto engine start charging system automatically starts engine when batteries are low
- Four 370-watt solar panels with solar charge controllers – 1,480 watts
- Advanced digital control & monitoring network provides circuit protection and advanced control and monitoring of systems
- Inverter system provides a total of 9000-watts inverter power
- Shore power charger provides up to 3,150-watts battery charge
- Programmable touch screen control panel provides system control and monitoring
- Integrated Starlink Satellite Internet
- Marine grade electrical components used throughout
- Marine grade wiring used throughout
- 120V AC outlets located at closet, galley, rear seating area and bunk (both sides)
- 12V DC outlets located at bunk (both sides)

- 5V DC USB outlets located at rear seating area, media cabinet and bunk (both sides)
- 15 Amp exterior AC power outlet
- 30 Amp AC shore power inlet

### Heating, Ventilation, AC

- 19,500 BTU high efficiency air conditioner with digital thermostat
- 7,500 BTU diesel air heater with digital thermostat ducted to living area and bathroom
- Diesel Hydronic water heater with digital timer and manual over-ride mode, integrated into Ford coolant system to allow free water heating while driving
- Dual pane, flush mounted, fully opening, stained, frameless glass windows with built in shades and bug screens
- Double pane glass roof hatch with built in shades and bug screens (provides access to roof)
- Thermostatically controlled, variable speed, rain-sensing, reversible fans

### Plumbing

- 100 gallon insulated fresh water holding tanks
- Freeze protect water recirculation system
- 40 gallon insulated grey water holding tank
- Electric fresh and grey tank drain system with remote access
- Fresh and grey tank monitoring system
- UV and particulate freshwater filtration system
- High-capacity water pump with intake screen
- Gulper pump for galley sink drain
- Diesel Hydronic and electric heated 6-gallon hot water tank
- Exterior shower with hot and cold water and winterization valves
- Integrated Air pressure water blow-out system for easy winterization

### Safety

- Carbon monoxide detector
- Smoke detector
- Fire extinguisher
- Roadside Safety Kit
- First Aid Kit

### Accessories

- Flashlight mounted on door
- Tool bag with select spare parts and tools
- Fresh water hose
- Grey water hose
- Axe and shovel mounted in garage
- 15-amp exterior AC outlet adapter
- 30-amp shore power cord and 15 Amp shore power adapter
- Soft and hard recovery shackles
